ESSAY PAPER

Please write clearly the index number and the question number on the cover page of the answer book.

Write an essay on **ONE** of the following topics.

1. Water borne infections following floods cause huge public health problems. Discuss how these can be minimized.
2. Discuss good infection control measures you would practice as a medical officer in combating the problem of healthcare associated infection (HAI).
3. Discuss how you would organize a disaster management team for your hospital, and explain how you would prepare the team for a disaster situation.
4. “The global incidence of sexually transmitted infections (STI) is ever increasing”. Discuss this statement.
5. “Antibiotic resistance is an emerging problem”. Discuss this statement.
